WORK OF CONGRESS.

Speeches on the Tariff Conferees Report.

A SUPPOSED CASE OF CHOLERA.

The Engineer of a Steamer
Ill at Liverpool.

Disastrous Coal Mine Explosion in Pennsylvania.

Congressional Matters.

WASHINGTON, Sept. 30.—The House
bill to promote the administration of
justice in the army was passed with a
verbal amendment.

A resolution continuing the select
committee on irrigation (for the re-
clamation of arid lands) during the
present Congress was agreed to.

A deficiency bill of \$10,316 for the
compensation of its members was then
passed.

A motion to reconsider by Morgan
was entered.

Aldrich is still hopeful of getting a
vote on the report of the conferees on
the tariff bill this evening.

Carlisle made an argument against
certain features of the tariff bill. He
confined himself almost wholly to the
sugar schedule. He denounced the
proposal to pay a bounty to American
sugar growers as unconstitutional, un-
worthy statesmanship, and character-
ized the reciprocity section as in con-
flict with every foreign treaty with the
United States now in existence. The
power given the President in connection
with reciprocity was also a viola-
tion, not only of the spirit, but the
letter of the Constitution.

Carlisle is still speaking, and it is
expected that Allison, Spooner and
Aldrich will follow.

It appears the errors in the tariff
bill were not substantial, and relate to
the numbering of certain sections. The
Conferees Committee, in drawing
up their report, neglected to make
allowance for the action of the Senate
in striking out the vinegar section and
carried the numbers forward. Trivial
as were the errors, they have given
much concern to the managers of the
bill, and they are yet in doubt as to
what course shall be pursued. The
conference report cannot be changed,
and if it be found necessary to correct
the errors, it will probably have to be
done by a joint resolution.

Gibson of Louisiana may also ad-
dress the Senate before the vote is
taken.

There are sixteen absentees, as fol-
lows: Republicans—Farwell, Morrill,
Squire, Stanford, Teller and Wash-
burn. Democrats—Berry, Brown, Call,
Eustis, George, Hayne, McPherson,
Turpie, Vance and Vest.

The pairs for the vote are not yet
completed, Dolph pairing with Brown
and Paddock with Eustis.

If a vote is reached to-day the Fi-
nance Committee, so Aldrich says,
will report a resolution providing for a
final adjournment to-morrow morning.

HOUSE.

A joint resolution was passed for
printing 54,000 copies of the annual
report of the Commission of Labor.

A joint resolution was passed appro-
priating \$10,000 to enable the Post-
master-General to test at small towns
and villages free delivery.

On motion of Morrow of California
a bill was passed relinquishing to the
city and county of San Francisco the
United States' title to the lands located
near the Presidio Military Reserva-
tion.

The House agreed to a concurrent

resolution directing the clerk of the
House to number consecutively the
paragraphs of the enrolled tariff bill.

An Attempted Heist.

St. Louis (Mo.), Sept. 29.—A bold
attempt at the pension fund has just
been exposed in this city. Some time
ago a Mr. Doherty called at the office
of Notary Public Volle, accompanied
by a lady, and stated that he wished
the notary to make the acknowledgment
of Mrs. Whitney to certain pen-
sion papers received from the pension
agent in Chicago, upon which \$2,865
was to be paid.

Mr. Volle drew up the proper form,
and the lady, who was introduced to
him as Mrs. Whitney, stating that she
could not sign her name, Mr. Volle
wrote her name, had her make her
mark, and Doherty forwarded the
papers to Chicago some little time
afterward. Doherty again appeared at
Volle's office, stating that the pension
agent wrote that "Mrs. Whitney" had
always previously signed her name,
and asking why it was not done in
this case. Doherty explained that
the lady had had a felon on her finger
at the time, and he asked Volle to
draw up a statement to that effect.
Volle did so, telling Doherty to take
the paper before the St. Charles
County Clerk and have it attested.
Instead of this, Doherty forged
Volle's name to the acknowledgment
and sent it on to Chicago. The
agent there was familiar with
Volle's writing and at once caused
Doherty's arrest. He was lodged in
jail here. He was visited by his wife,
and Volle, who was at the jail at the
time, identified her as the Mrs. Whit-
ney who had called at his office with
Doherty. She was arrested, and both
husband and wife are now held.

The real Mrs. Whitney, to whom the
pension was to have been issued, is
said to be living in Chicago, and is
very poor and has no idea she is on
the books of the Pension Bureau. The
Dohertys had learned that the Whit-
ney pension had been granted and laid
their schemes to capture it. They se-
cured the certificate by forged letters.

Crispi Denounces France.

By Cable and Associated Press.
PARIS, Sept. 29.—The *Figaro* pub-
lishes an interview with Crispi, the
Italian Prime Minister, in which he
denounces the attitude of France to-
wards Italy, and instances the annex-
ation of Tunis in spite of her promises
to the contrary. This was, he said, a
stab at the heart of Italy. He de-
fended the alliance between Germany,
Austria and Italy, the negotiations for
the renewal of which are still pending.
There is no danger of war, unless
sought by France. He deplored the
continued increase of armaments by
the nations of Europe, and believed it
would end in ruining Europe to the
advantage of America.

Coal Mine Explosion.

By Associated Press.
SHAMOKIN (Pa.), Sept. 30.—An ex-
plosion of gas occurred at the Stirling
colliery, owned by the Philadelphia &
Reading Coal Co., at noon. Edward
Durkin, John Driscoll, Philip Shull,
John O'Garra, Thomas Brennan and
three unknown men were very seri-
ously burned and ten others severely
injured. It is thought all the men
who were injured have been found.
The mine was badly damaged, and
work will have to be suspended pend-
ing repairs.

Sparsely Attended.

By Associated Press.
NEW YORK, Sept. 30.—The meeting
of the American Institute of Mining
Engineers, which is associated with
the members of the International
Congress of Iron and Steel Manufac-
tures, now visiting the United States,
was sparsely attended to-day. But
very few of the foreign visitors were
present.

Changed Their Flag.

By Associated Press.
ROCKFORD (Ill.), Sept. 29.—One
hundred and seventy Swedes, headed
by a Swedish band, marched to the
Court-house this afternoon, carrying a
Swedish flag, and were naturalized.
On their return they carried an Ameri-
can flag. The affair was managed by
the Swedish political club, a non-
political organization.

A Cabinet Meeting.

By Associated Press.
WASHINGTON, Sept. 30.—The Cab-
inet met to-day for the first time in
many weeks and are considering Con-
gressional matters awaiting executive
action. All members were present
except Windom and Rush.

Said To Be Cholera.

By Cable and Associated Press.
LONDON, Sept. 30.—The engineer of
the British steamer *Piston*, now lying
at Liverpool, is suffering from a dis-
ease which is said to be cholera.

TELEGRAPHIC BREVITIES.

Bar silver, 111.

A report from New Guinea, is to the
effect that a British cutter engaged in
pearl fishing on that coast, has been
scuttled by natives and the entire
crew murdered.

Chicago Anarchists.

By Associated Press.
CHICAGO, Sept. 29.—Judge Graham
this morning took up the application
for a writ of habeas corpus for the re-
lease from the Penitentiary of Michael
Schwab, the Anarchist, who was sent
to prison for life. Attorney-General
Hunt filed a special demurrer setting
forth the allegations in the petition
were insufficient to warrant the grant-
ing of the prayer. Schwab's attorney
asked for time to examine the demur-
rer. The Court gave him until 2
o'clock this afternoon.

A Few Appointments.

By Associated Press.
WASHINGTON, Sept. 30.—The Presi-
dent has sent to the Senate the fol-
lowing nominations: George S.
Bastick for New York; Consul-Gen-
eral to Portugal; U. S. Consuls—W.
Metcalf from Maine, at Bermuda, and
Oscar Malmrose of Minnesota at De-
nia, Spain; Amos F. Stevens for Post-
master at Aberdeen, Wash.

THE COPPER MARKET.

What a Montana Man Thinks of
the Outlook.

"Never was the copper outlook bet-
ter than at the present time," said one
of the largest dealers in the country to
a *Butte Inter Mountain* scribe. "The
price remains stable, and that at
figures that cannot but be satisfac-
tory to the producer. I see that copper
quoted at 16 40 this morning, but I
also notice that all who buy are obliged
to pay 17 flat, and the holders are not
anxious to sell at that. There is in the
supply, the demand is still greater,
and has become established as such.
This makes the market certain with-
in all reasonable bounds and fixes
the price for the future. Of course
there will be fluctuations, as
everything is uncertain, but it would
be difficult to construct any combina-
tions of circumstances that would be
more favorable to the red metal. Of
course there may be breakers ahead—
one can't always tell; but so far as can
be seen now there is nothing before us
but clear sailing."

IN COMPETITION.

Japanese Proving Relative Merits
of Locomotives.

There are now two American-built
locomotives running on the Tokio-
Kioto railroad in Japan in competi-
tion with two similar English loco-
motives, all doing the same class of work
on a mountain grade of 132 feet per
mile for ten miles of the distance.
The American machines are of the
Baldwin make; the English from the
shops of Nasmyth, Wilson & Co.
The result of the trial will determine
whether England or the United States
is to furnish Japan with locomotives
in the future, that is, if Japan doesn't
construct them herself. Even in that
case it will be interesting to learn
which type will win in the choice of
that Oriental people.

The Japanese Want an Ex-
Consul's Scalp.

A Brute Attempts Wholesale Murder and Suicides.

The Interest Divided.

DUBLIN, Sept. 30.—The interest in
the conspiracy cases is divided to-day
between the High Court of Justice
here and the Magistrate's Court at
Tipperary. An application was this
morning made before Judge Holmes
of the High Court for a writ to pro-
hibit the Tipperary Magistrate from
proceeding with the hearing of argu-
ments, on the grounds of bias. The
arguments are likely to be of great
length. At Tipperary the reading of
extracts from the speeches of the de-
fendants was continued by the prosecu-
tion to prove the tenants had been
incited by them not to pay their rents.

Blood-Thirsty Japs.

By Cable and Associated Press.
YOKOHAMA, Sept. 30.—At a public
meeting held here a number of Japa-
nese speakers denounced the Govern-
ment for according to foreigners the
right of trial by judges other than
native judges. The sentiments of the
speakers were applauded by their
hearers, and threats were made to
kill an ex-Consul of Great Britain for
the part he has taken in advocating
the granting of this privilege to for-
eigners. Popular excitement runs
high.

A Murderous Brute.

By Associated Press.
LOWELL (Mass.), Sept. 30.—John Q.
Nichols this morning shot his sister,
Mrs. Ida Cunningham of Reading,
Mass., and fired at his nephew, Fred
A. Nichols, and at Walter Lyman,
and then fired two shots into his own
head. Mrs. Cunningham was shot in
the hand and her head from behind,
and there is little hope of her recovery.
Her assailant will probably die.
Financial matters caused the shoot-
ing.

A Conditional Support.

By Cable and Associated Press.
LONDON, Sept. 30.—Scotch iron-
masters refused to accede to the terms
demanded by the men. The Cum-
berland iron workers promise to sup-
port the iron workers who are now on
a strike in Scotland on condition that
the latter insist upon eight hour
shifts. An abandonment of all hope
of the settlement of the trouble has
stiffened the pig iron market.
